

"Woody is my friend -- a wonderful writer and communicator of the Good News."

Bill Gaither
Gaither Music Company

"Woody Wright has it all. He sings. He writes. He's Funny. And he'll touch your heart."

Mark Lowry
Christian Artist

WOODY WRIGHT is an artist who has the subtle ability to command your attention through the simple, yet profound lyrics he writes. In concert Woody and wife, Vonnie, together sing and communicate those "down home", warm fuzzy melodies and harmonies with voices that make you want to listen, smile and hang on to every word - reminding us that Gods love for us IS REALLY "More Than Amazing"!

Dave and Irma Edwards
Breakfast Club Concerts

"Woody and Vonnie Wright are a dynamic, husband-and-wife worship team. They love the Lord and the Lord's people—and it shows. They also possess the dedication, skills, and sterling character necessary to lead you to the foot of the cross. What is more, these two servant-leaders will insist you give God the glory for all that is accomplished!"

Dr. C. D. Oliver, Jr.
Pastor, Chesterfield Community Church of God
Chesterfield, Indiana

"Woody and Vonnie Wright are people of tremendous ability, but in addition to that, they are people who can identify with their hearers. What you see is what you get. They have a life changing story that is heard and understood by those who are seeking for the peace and satisfaction that only Jesus can provide. The songs they sing and the words they share are from personal experience and from hearts of deep gratitude for all that the Lord has done. I simply can't think of a more

powerful ministry combination than that. My life is better from having been touched by their Godly influence."

Dr. Ian Fitzpatrick
Canada Central District Superintendent
Church of the Nazarene

"We recently hosted Woody and Vonnie at our church for an all-church youth fund raiser. They communicated with the entire congregation warmly and genuinely. Their "down home" style made us feel like we'd known them for years. It was clear, they were a blessing to everyone. We can't wait to have them come back!"

Dr. Steven Darr, Minister of Music
South Lake Wales Church of God
